

## **Acetylacetonatobis(ethylene)rhodium(I)**

Art. ID                      TRC-A171193-5MG  
Unit                         5 mg  
Deliverydetails            De Minimis /not restricted

### Description

Application Note: Acetylacetonatobis(ethylene)rhodium(I) is a useful research chemical, a catalyst for the preparation and optical resolution of (tetramethyl)spirobiindane-diol and other useful research chemicals.
