

4-Aminophenethyl Alcohol

Art. ID TRC-A585045-5G
Unit 5 g
Deliverydetails ADR Excepted Quantity (EQ) / AIR Excepted Quantity (EQ) /not restricted

Description

Application Note: 4-Aminophenethyl Alcohol, is a building block that can be used in the synthesis of various compounds, such as in synthesis of 4-aminostyrene, and in functionalization of graphene nanoplatelets.
