

2-Amino-6-bromothiazolo[4,5-b]pyrazine

Art. ID TRC-A595130-5G
Unit 5 g
Deliverydetails ADR Excepted Quantity (EQ) / AIR Excepted Quantity (EQ)

Description

Application Note: 2-Amino-6-bromothiazolo[4,5-b]pyrazine is derived from 2-Amino-3,5-dibromopyrazine (A604635), which is used in the preparation of conjugated polymers for neurotoxin detection and is an intermediate in the preparation of rho kinase (ROCK) inhibitors.
