

4-Amino-3-hydroxypyridine

Art. ID TRC-A611605-2.5G
Unit 2,5 g
Deliverydetails ADR Excepted Quantity (EQ) / AIR Excepted Quantity (EQ)

Description

Application Note: 4-Amino-3-hydroxypyridine is a hydroxylated impurity as well as a metabolite of the potassium channel blocker Fampridine (D113500).
