

1-Aminopyrrolidin-2-one Hydrochloride

Art. ID	TRC-A628805-10G
Unit	10 g
Deliverydetails	ADR Excepted Quantity (EQ) / AIR Excepted Quantity (EQ)

Description

Application Note: 1-Aminopyrrolidin-2-one Hydrochloride is used for the optimization of dihydropyrrolopyrazole series for transforming the growth factor-beta type I receptor kinase domain inhibitor and also for the discovery of an orally bioavailable antitumor agent.
