

5-Aminolevulinic-13C5-15N Acid Hydrochloride

Art. ID TRC-A632588-2.5MG
Unit 2,5 mg
Deliverydetails De Minimis

Description

Application Note: 5-Aminolevulinic-13C5-15N Acid Hydrochloride is the labeled version of 5-Aminolevulinic Acid Hydrochloride Salt (A611780), which is a naturally occurring amino acid and a precursor of tetrapyrroles in the biosynthesis of chlorophyll and heme.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
