

Ammonium Ferric Disulfate Dodecahydrate

Art. ID TRC-A634113-25G
Unit 25 g
Deliverydetails ADR Excepted Quantity (EQ) / AIR Excepted Quantity (EQ) /not restricted

Description

Application Note: Ammonium Ferric Disulfate Dodecahydrate was used in the study of tubular precipitation and redox gradients gradients on a bubbling template.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	Ammonium iron(III) sulf ate dodecahydrate	[7783-83-7]
