

Reference Valve Rebuild Kit [WAT025746], Waters®

Art. ID	WAT-025746
Unit	ea
Deliverydetails	No Dangerous Good /not restricted

Description

This Reference Valve Rebuild Kit is a simple, cost-effective means for maintaining the reference valve that may have been added as an accessory to your Waters® pump. The kit provides all necessary parts and instructions to rebuild the reference valve and contains a diaphragm, actuator, and comprehensive instructions. The valve should be replaced or rebuilt every 12 months.
