

**Internal Standard Mix, 100 µg/mL in 10% Nitric acid, tr Hydrochloric acid**

Art. ID ACCU-AG-INTSTD-ASL-5  
Unit 500 mL  
Deliverydetails ADR Limited Quantity (LQ) / AIR Dangerous Good (DG) UN2031 II E2

| Text/Information | Analyte/Parameter | CAS number   | Concentration/Value | Unit  | Method | Source |
|------------------|-------------------|--------------|---------------------|-------|--------|--------|
|                  | Germanium (Ge)    | [7440-56-4]  | 100                 | µg/mL |        |        |
|                  | Rhodium (Rh)      | [7440-16-6]  | 100                 | µg/mL |        |        |
|                  | Indium (In)       | [7440-74-6]  | 100                 | µg/mL |        |        |
|                  | Terbium (Tb)      | [7440-27-9]  | 100                 | µg/mL |        |        |
|                  | Lutetium (Lu)     | [7439-94-3]  | 100                 | µg/mL |        |        |
|                  | Bismuth (Bi)      | [7440-69-9]  | 100                 | µg/mL |        |        |
|                  | Lithium-6 (LI-6)  | [14258-72-1] | 100                 | µg/mL |        |        |
|                  | Scandium (Sc)     | [7440-20-2]  | 100                 | µg/mL |        |        |
