

alpha-Acetamidocinnamic Acid

Art. ID TRC-A150000-100G
Unit 100 g
Deliverydetails ADR Limited Quantity (LQ) / AIR Dangerous Good (DG) /not restricted

Description

Application Note: alpha-Acetamidocinnamic Acid is a protein kinase C (PKC) inhibitor. Asymmetric hydrogenation of alpha-acetamidocinnamic acid with chiral rhodium (I) complexes on charcoal has been reported.
