

Alternariol-d2

Art. ID TRC-A575762-10MG
Unit 10 mg
Deliverydetails De Minimis

Description

Application Note: Alternariol-d2 is labelled version of Alternariol (A575760), an alternaria mycotoxin and genotoxin found in common edible crops. It inhibits the activity of various DNA-topoisomerases, increasing the rate of DNA strand breaks.
