

5-Amino-2-chloro-4-fluorophenol

Art. ID TRC-A595495-2.5G
Unit 2.5 g
Deliverydetails ADR Excepted Quantity (EQ) / AIR Excepted Quantity (EQ)

Description

Application Note: 5-Amino-2-chloro-4-fluorophenol is a reagent involved in the design and structure of potent vascular endothelial growth factor (VEGF) receptor tyrosine kinase inhibitors.
