

2-Amino-2-cyclopropylpropanenitrile

Art. ID TRC-A607770-5G
Unit 5 g
Deliverydetails ADR Excepted Quantity (EQ) / AIR Excepted Quantity (EQ)

Description

Application Note: 2-Amino-2-cyclopropylpropanenitrile, is an enamine building block that can be used in the synthesis of various chemical compounds, such as in synthesis of 5-substituted hydantoins, and Ketone-Derived Enamides.
