

Angiotensin (1-7)

Art. ID TRC-A637945-25MG
Unit 25 mg
Deliverydetails De Minimis /not restricted

Description

Application Note: Angiotensin (1-7) can be used in biological study and engineering or chemical process of mechanisms of peptide oxidation by hydroxyl radicals.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	Angiotensin Fragment 1-7 acetate salt hydrate	[51833-78-4]
