

3-Aminoestra-1,3,5(10)-trien-17-one

Art. ID	TRC-A608110-25MG
Unit	25 mg
Deliverydetails	De Minimis

Description

Application Note: 3-Aminoestra-1,3,5(10)-trien-17-one is derived from Estrone (E889050), which is a metabolite of 17beta-Estradiol (E888000). During the metabolism, it is in rapid equilibrium with Estriol (E888960) and 17beta-Estradiol (E888000) (1). Causes the feminization of male fish at human and animal waste sites (2). This compound is a contaminant of emerging concern (CECs). Drinking water contaminant candidate list 3 (CCL 3) compound as per United States Environmental Protection Agency (EPA), environmental, and food contaminants.
