

[2-Amino-1-[(1-methylethyl)sulfonyl]-1H-benzimidazol-6-yl]phenylmethanone

Art. ID TRC-A635155-25MG
Unit 25 mg
Deliverydetails De Minimis

Description

Application Note: [2-Amino-1-[(1-methylethyl)sulfonyl]-1H-benzimidazol-6-yl]phenylmethanone is an intermediate used in the synthesis of Zinviroxime (Z465300), which is the (Z)-isomer of Enviroxime (E559600). Zinviroxime is a benzimidazole derivative that inhibits rhinovirus multiplication.
