

Marine sediment - Dibutyltin and Tributyltin

Art. ID	NRC-SOPH-1
Unit	12 g
Deliverydetails	No Dangerous Good /not restricted

Description

NRC-SOPH-1 is intended for the calibration of instruments and evaluation of methods for the determination of (C₄H₉)₃Sn⁺ (tributyltin, TBT) and (C₄H₉)₂Sn²⁺ (dibutyltin, DBT) in sediments or materials of a similar matrix. Certified values

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	Tributyltin (Sn)		125 ± 7	ng/g		
	Dibutyltin (Sn)		174 ± 9	ng/g
