

## **Ferro alloy, Ferromanganese, CRM, High Carbon**

Art. ID                      NCS HC37611  
Unit                         50 g (powder)  
Deliverydetails            No Dangerous Good /not restricted

| Text/Information | Analyte/Parameter | CAS number  | Concentration/Value | Unit | Method | Source |
|------------------|-------------------|-------------|---------------------|------|--------|--------|
|                  | Carbon (C)        | [7440-44-0] | 6,57                | %    |        |        |
|                  | Manganese (Mn)    | [7439-96-5] | 65,75               | %    |        |        |
|                  | Phosphorus (P)    | [7723-14-0] | 0,382               | %    |        |        |
|                  | Sulfur (S)        | [7704-34-9] | 0,009               | %    |        |        |
|                  | Silicon (Si)      | [7440-21-3] | 0,64                | %    |        |        |
