

4-Amino-2-methyl-5-pyrimidinethanesulfonic acid

Art. ID TRC-A578025-25MG
Unit 25 mg
Deliverydetails to be checked

Description

Application Note: 4-Amino-2-methyl-5-pyrimidinethanesulfonic acid is used in the biosynthesis of Thiamine (T344185) in yeast.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	4-Amino-2-methyl-5-pyri midinethanesulfonic a cid	[2908-73-8]
