

Anise Oil

Art. ID	USP-1036959
Unit	2 x 0,5 mL
Deliverydetails	No Dangerous Good /not restricted

Description

Anise Oil [8007-70-3] is the volatile oil distilled with steam from the dried, ripe fruit of *Pimpinella anisum* L. (Fam. Apiaceae). It contains NLT 87% and NMT 94% of trans-anethole and NLT than 0.30% of pseudoisoeugenyl-2-methylbutyrate. Only components as listed in the monograph are shown below.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	trans-Anethole ((E)-1-methoxy-4-(prop-1-en-1-yl)benzene)	[4180-23-8]				
	Pseudoisoeugenyl 2-methylbutyrate ((E)-4-Methoxy-2-(prop-1-en-1-yl)phenyl 2-methylbutanoate)	[58989-20-1]
