

L-alpha-Acetoxypropionyl Chloride

Art. ID TRC-A167743-10G

Unit 10 g

Deliverydetails ADR Excepted Quantity (EQ) / AIR Excepted Quantity (EQ) UN3265 II E2

Description

Application Note: L-alpha-Acetoxypropionyl Chloride is a useful in preparation of modified carboxyl binding pockets of vancomycin and teicoplanin.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	(S)-(-)-2-Acetoxypropio nyl chloride	[36394-75-9]
