

6-Amino-5-nitrochromen-2-one

Art. ID TRC-A622803-100MG
Unit 100 mg
Deliverydetails to be checked

Description

Application Note: 6-Amino-5-nitrochromen-2-one is a reagent used in the synthesis of pyranopyridinediones.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
