

Complimentary Webinar on Nomenclature Guidelines for Dietary Supplements (On-Demand)

Art. ID	USP-DS-NOM-01
Unit	Each
Deliverydetails	No Dangerous Good

Description

This webinar explains in detail, with examples, how monograph titles for botanical and non-botanical dietary supplements will be formulated in a manner representing the articles in commerce. The audience will understand not only how monograph titles for dietary supplements are crafted in a manner that fulfills regulatory labeling requirements, but also the reasoning behind these titles.
