Art. ID	USP-CM-711-08
Unit	Each
Deliverydetails	No Dangerous Good

Description

"A revision of the former "Dissolution: Theory and Best Practices"" course, this one-day course will emphasize the fundamentals of dissolution testing of solid oral dosage forms and address specifics related to the qualification of USP dissolution apparatus 1 and apparatus 2. Specifically, this course is dedicated to dissolution theory and the guidance presented in USP?NF General Chapter <711>, the handling of dissolution data and the qualification of an apparatus to prove its suitability for use.
There will be a knowledge assessment at the end of the course. If this course is taken as part of the USP certificate program, you will be required to pass this knowledge assessment with a score of 80 percent to determine if your comprehension of the topics presented meets USP's minimum requirements."
