Deliverydetails	No Dangerous Good

Description

"USP-NF General Chapter <905> Uniformity of Dosage Units is internationally harmonized and has been official since USP 34-NF 29 (2011). A "Test by Values" approach is used in this harmonized chapter to assess the uniformity of dosage units. This webinar will explain, through various case studies, the calculation of the Acceptance Value, which is a critical step of the "Test by Values" approach-this webinar will also discuss the application of USP-NF General Chapter <905> to various dosage forms."
