

**MALEIC ANHYDRIDE (D2, 98%)**

Art. ID CIL-DLM-1853-1  
Unit 1 g

Description

Chemical purity: 98%

| Text/Information | Analyte/Parameter                  | CAS number | Concentration/Value | Unit | Method | Source |
|------------------|------------------------------------|------------|---------------------|------|--------|--------|
|                  | MALEIC ANHYDRIDE (D2, [33225-51-3] |            |                     |      |        |        |
|                  | 8%)                                |            |                     |      |        |        |
