

Powdered Ashwagandha Root Extract

Art. ID USP-1043309
Unit 1 g
Deliverydetails No Dangerous Good /not restricted

Description

Powdered Ashwagandha Root Extract is a complex mixture containing withanolides, calculated on the dried basis as the sum of withanolide aglycones, calculated as withanolide A, and withanolide glycosides, calculated as withanoside IV. The identified components of the extract are:

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	Withanoside IV	[362472-81-9]				
	Withanosid V	[256520-90-8]				
	Withanoside VI	[362472-82-0]				
	Withaferin A	[5119-48-2]				
	12-Deoxywithastramonoli de	[60124-17-6]				
	Withanolide A	[32911-62-9]				
	Withanone	[27570-38-3]				
	Withanolid B	[56973-41-2]
