

## **17 components 100 µg/mL each of in Ethyl Acetate**

Art. ID LM24-OP-4011967  
Unit 1 mL  
Deliverydetails De Minimis UN1173 II E2

### Description

Validity: 24 months

| Text/Information | Analyte/Parameter                             | CAS number   | Concentration/Value | Unit  | Method | Source |
|------------------|-----------------------------------------------|--------------|---------------------|-------|--------|--------|
|                  | Dieldrin                                      | [60-57-1]    | 100                 | µg/mL |        |        |
|                  | Dicofol                                       | [115-32-2]   | 100                 | µg/mL |        |        |
|                  | Endosulfan-II (beta)                          | [33213-65-9] | 100                 | µg/mL |        |        |
|                  | Endosulfan-total (sulfa<br>te)                | [1031-07-8]  | 100                 | µg/mL |        |        |
|                  | Endrin                                        | [72-20-8]    | 100                 | µg/mL |        |        |
|                  | Endosulfan-I (alpha)                          | [959-98-8]   | 100                 | µg/mL |        |        |
|                  | gamma-HCH (Lindane)                           | [58-89-9]    | 100                 | µg/mL |        |        |
|                  | Heptachlor                                    | [76-44-8]    | 100                 | µg/mL |        |        |
|                  | Heptachlor-endo-epoxide<br>(trans-, isomer A) | [28044-83-9] | 100                 | µg/mL |        |        |
|                  | Methoxychlor                                  | [72-43-5]    | 100                 | µg/mL |        |        |
|                  | 2,4'-DDT                                      | [789-02-6]   | 100                 | µg/mL |        |        |
|                  | Heptachlor-exo-epoxide<br>(cis-, isomer B)    | [1024-57-3]  | 100                 | µg/mL |        |        |
|                  | 4,4'-DDT                                      | [50-29-3]    | 100                 | µg/mL |        |        |
|                  | 4,4'-DDD                                      | [72-54-8]    | 100                 | µg/mL |        |        |
|                  | 4,4'-DDE                                      | [72-55-9]    | 100                 | µg/mL |        |        |
|                  | Aldrin                                        | [309-00-2]   | 100                 | µg/mL |        |        |
|                  | alpha-HCH                                     | [319-84-6]   | 100                 | µg/mL |        |        |
