Art. ID Unit USP-1443895

20 g

Deliverydetails

No Dangerous Good /not restricted

Description

Note: Food Chemicals Codex FCC Analytical Material (FAM) products are fit-for-purpose materials designed specifically for the food industry and can be used for method development, verification, transfer, validation, method lifecycle management, or for other purposes deemed suitable by the user. FAM products are different from official USP Reference Standards and are specific for the food industry. Unlike USP Reference Standards that are accompanied with USP Certificates, FCC Analytical Materials are accompanied with Product Information Sheets (PIS). /// A complex mixture prepared by spray-drying condensed skim milk with added melamine at an approximate concentration of 5000 ppm.
