

**ROHS-PVC9-5ED-31 Plastic Polyvinyl Chloride PVC Calibration Standards for WEEE  
RoHS Requirements, Disc Ø 31 mm x thickness on request, 9 standards per set (Includes  
1x ASI-ROHS-PVC9-5ED-QC-31)**

|                 |                                   |

| Art. ID         | ASI-ROHS-PVC9-5ED-31              |
| Unit            | Set of 10 discs                   |
| Deliverydetails | No Dangerous Good /not restricted |

Description

Plastic Polyvinyl Chloride (PVC) Calibration Standards for WEEE RoHS Requirements, Disc, 9 standards per set, 5 elements per standard, 31 mm x thickness on request, Br, Cd, Cr, Hg, Pb. Includes 1 ASI-ROHS-PVC9-5ED-QC-31 Check Standard.

| Text/Information | Analyte/Parameter | CAS number  | Concentration/Value | Unit | Method | Source |
|------------------|-------------------|-------------|---------------------|------|--------|--------|
| Sample 1         | Bromine (Br)      | [7726-95-6] | 0                   | %    |        |        |
| Sample 1         | Cadmium (Cd)      | [7440-43-9] | 0                   | %    |        |        |
| Sample 1         | Chromium (Cr)     | [7440-47-3] | 0                   | %    |        |        |
| Sample 1         | Mercury (Hg)      | [7439-97-6] | 0                   | %    |        |        |
| Sample 1         | Lead (Pb)         | [7439-92-1] | 0                   | %    |        |        |
| Sample2          | Bromine (Br)      | [7726-95-6] | 0,005               | %    |        |        |
