

**MicroPrefs Polycarbonate (50-300 µm), neat**

Art. ID                      CHIR-C15251.X-1MG  
Unit                            1 mg

Description

Microplastics are tiny plastic pieces ranging from macro- to nano-sized particles that have become widespread pollutants. These non-biodegradable particles accumulate in our surroundings and eventually in food and drinking water making them harmful to both the environment and human health.
