

3-(2-Aminoethylamino)propyl]trimethoxysilane-15N

Art. ID TRC-A609122-25MG
Unit 25 mg

Description

Category: Isotope Labelled Compounds, Miscellaneous Reagents /// Application Notes:

3-(2-Aminoethylamino)propyl]trimethoxysilane-15N is the isotope labelled analog of 3-(2-Aminoethylamino)propyl]trimethoxysilane (A609120). 3-(2-Aminoethylamino)propyl]trimethoxysilane is a chemical reagent used in organometallic reactions and the process of signal amplification in biomolecular labelling. /// References: Di Fusco, M. et al.: Anal.
