

5beta-Androstane-3alpha,17beta-diol Diacetate-d3

Art. ID TRC-A637712-100MG
Unit 100 mg

Description

Category: Metabolites and Impurities, Isotope Labelled Compounds, Pharmaceuticals, Intermediates and Fine Chemicals, Steroids /// Application Notes: Isotope labelled 5beta-Androstane-3alpha,17beta-diol Diacetate is the diacetate derivative of 5beta-Androstan-3alpha,17beta-diol (A637485), a metabolite of testosterone (T155000). /// References: Belanger, A., et al.: J.
