

## **1-beta-D-Arabinofuranosyluracil-2-C-methyl**

Art. ID TRC-A764005-500MG  
Unit 500 mg

### Description

Category: Carbohydrates and Derivatives, Heterocycles, Impurities, Nucleotides, Bases and Related Reagents ///  
Application Notes: 1-beta-D-Arabinofuranosyluracil-2-C-methyl is an impurity of PSI-7977 (P839640), a prodrug that is metabolized to the active antiviral agent 2'-deoxy-2'-alpha-fluoro-beta-C-methyluridine-5'-monophosphate and is currently being investigated in phase 3 clinical trials for the treatment of hepatitis C. Studies have profiled PSI-7977 as a nucleotide inhibitor of hepatitis C virus, exerting selective inhibitory effects towards HCV NS5B polymerase. ///
