

2-(2-Aminophenyl)-4H-3,1-benzoxazin-4-one

Art. ID TRC-A637878-1G

Unit 1 g

Description

Application Note: 2-(2-Aminophenyl)-4H-3,1-benzoxazin-4-one is used in the synthetic preparation of clavastatins A and B and their enantiomers by esterification via ring opening of benzoxazinones.
