

L-Ascorbic Acid 2-(Dihydrogen Phosphate) Cyclohexanamine-13C6

Art. ID TRC-A787010-10MG
Unit 10 mg

Description

Category: Carbohydrates and Derivatives, Isotope Labelled Compounds, Pharmaceuticals, Intermediates and Fine Chemicals /// Application Notes: Isotope Labelled L-Ascorbic Acid 2-(Dihydrogen Phosphate) Cyclohexanamine is a derivative of L-Ascorbic Acid (A786990), an coenzyme for a number of hydroxylation reactions, required for collagen synthesis. /// References: Sekine, M., et al.: J.
