

6alpha-Acetoxy-4-androstene-3,17-dione

Art. ID TRC-A164323-100MG
Unit 100 mg

Description

Application Note: 6alpha-Acetoxy-4-androstene-3,17-dione is an intermediate in the synthesis of 6alpha-Hydroxy Androstenedione (H828150), which is a metabolite of Androstenedione (A637550).
