

Alternariol 9-Gentiobioside

Art. ID TRC-A575545-25MG
Unit 25 mg

Description

Application Notes: Alternariol 9-Gentiobioside is a derivative of Alternariol (A575760) which is an alternaria mycotoxin and genotoxin, found in common edible crops. Alternariol inhibits the activity of various DNA-topoisomerases, increasing the rate of DNA strand breaks. Alternariol 3- Sulfate Ammonium Salt is currently suspected of being formed during metabolism in contaminated plants. // References: Asam, S., et al.: J. Agric.
