

Ampicillin Thiazepine Analog N-4-Methoxy-4-oxobut-2-en-2-yl (S)-Methoxymethyl Ester

Art. ID TRC-A634358-25MG
Unit 25 mg
Deliverydetails to be checked

Description

Application Note: Ampicillin Thiazepine Analog N-4-Methoxy-4-oxobut-2-en-2-yl (S)-Methoxymethyl Ester is an intermediate used in the synthesis of Ampicillin Thiazepine Analog (EP Impurity N), which is an analog and impurity of Ampicillin (A634300) and is also a useful intermediate.
