

3-Amino-4-fluoro-5-hydroxybenzoic Acid

Art. ID TRC-A634593-500MG
Unit 500 mg

Description

Application Note: 3-Amino-4-fluoro-5-hydroxybenzoic Acid is used for study of novel ansamycins produced by genetically engineered *Streptomyces hygroscopicus geldanus* strains.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	3-Amino-4-fluoro-5-hydr oxybenzoic Acid	[1025127-41-6]
