

Allyl Isothiocyanate

Art. ID TRC-A556610-50G
Unit 50 g
Deliverydetails UN1545 3 II E4

Description

Application Note: Allyl Isothiocyanate is mustard oil. Topical application of Allyl Isothiocyanate (mustard oil) to the skin activates underlying sensory nerve endings, thereby producing pain, inflammation and robust hypersensitivity to thermal and mechanical stimuli.

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	Allyl iso-thiocyanate s tabilised	[57-06-7]
