

6-Allyl-8beta-carboxyergoline-d5

Art. ID TRC-A549622-25MG
Unit 25 mg

Description

Category: Amines, Aromatics, Agonist, Heterocycles, Neurochemicals, Pharmaceuticals, Intermediates and Fine Chemicals,, Isotope Labelled Compounds /// Application Notes: 6-Allyl-8beta-carboxyergoline-d5 is labelled 6-Allyl-8beta-carboxyergoline which is a metabolite of cabergoline (C050000), a dopamine D2-receptor agonist. /// References: Brambilla, E., et al.: Eur.
