

2-Aminoquinoline-6-carboxylic Acid

Art. ID TRC-A607780-500MG
Unit 500 mg
Deliverydetails to be checked

Description

Application Note: 2-Amino-6-quinolinecarboxylic acid is a reagent exhibiting corrosive properties on steel in hydrochloric acid and has suitable application in steel industry

Text/Information	Analyte/Parameter	CAS number	Concentration/Value	Unit	Method	Source
	2-Aminoquinoline-6-carb oxylic Acid	[736919-39-4]
