

Acetaldehyde 2,4-Dinitrophenylhydrazone-d3

Art. ID TRC-A132702-5MG
Unit 5 mg
Deliverydetails No Dangerous Good

Description

Category: Aromatics, Intermediates, Isotope Labelled Compounds, Miscellaneous Reagents /// Appearance: Yellow to Orange Solid /// Application Notes: Labelled analogue of Acetaldehyde 2,4-Dinitrophenylhydrazone, a dinitrophenylhydrazone (DNPH) derivative of an aliphatic aldehyde found in mainstream cigarette smoke. /// References: Zwiener, C. et al.: Anal.
