

## **alpha-Acetamino-alpha-carboxy-(3-indole)-butyric Acid**

Art. ID                      TRC-A161210-25MG  
Unit                         25 mg  
Deliverydetails            No Dangerous Good

### Description

Category: Amino Acids and Derivatives, Aromatics,Heterocycles, Indole Derivatives /// Appearance: Tan Solid ///  
Application Notes: An intermediate in the preparation of D,L-Homotryptophan. /// References: J. Am. Chem. Soc.,  
70, 1962 (1948)
