

5-[4-(Acetylamino)benzenesulfonyloxy]sulfapyridine Acetate

Art. ID TRC-A170960-50MG
Unit 50 mg
Deliverydetails No Dangerous Good

Description

Category: Aromatics, Metabolites and Impurities, Pharmaceuticals, Intermediates and Fine Chemicals, Sulfur and Selenium Compounds /// Appearance: Light Yellowish Brown Solid /// Application Notes:

5-[4-(Acetylamino)benzenesulfonyloxy]sulfapyridine Acetate is an intermediate in the preparation of 5-Hydroxysulfapyridine (H954010), a hydroxy metabolite of Sulfapyridine (S699083).
