

3-(Acetylthio)-2-benzylpropionic Acid

Art. ID TRC-A188690-500MG
Unit 500 mg
Deliverydetails No Dangerous Good

Description

Category: Aromatics, Intermediates, Sulfur and Selenium Compounds /// Appearance: White to Off-White Waxy Solid /// Application Notes: Racecadotril intermediate. A beta-thiopropionyl-amino acid derivative used as beta-lactamase inhibitor. /// References: Sanger, F., et al.: Biochem. J., 39, 507 (1945), Dawson, P., et al.: Science, 266, 776 (1994)
