

Adenosine 5'-Monophosphate-5',5''-d2 Disodium Salt

Art. ID TRC-A281793-1MG
Unit 1 mg
Deliverydetails No Dangerous Good

Description

Category: Carbohydrates and Derivatives, Heterocycles, Isotope Labelled Compounds, Nucleotides, Bases and Related Reagents /// Application Notes: Isotope labelled analogue of Adenosine 5'-Monophosphate (A281790), a nucleotide that is used as a monomer in RNA. /// References: Watanabe, M., et al.: Arch. Dermatol., 127, 1689
