

1-Amino-1-cyclopentanecarboxylic Acid Methyl Ester

Art. ID TRC-A603545-100MG
Unit 100 mg
Deliverydetails No Dangerous Good

Description

Category: Amino Acids and Derivatives /// Appearance: Pale Yellow Liquid /// Application Notes: This molecule can be incorporated into specific Cathepsin B inhibitors to increase their specificity. /// References: Donkor, I.O., et al.: Bioorg. Med. Lett., 18, 4806 (2008)
