

1-Aminocyclopropane-1-carboxylic Acid

Art. ID TRC-A603550-250MG
Unit 250 mg
Deliverydetails /not restricted

Description

Category: Amino Acids and Derivatives, Neurochemicals, Miscellaneous Reagents /// Appearance: White to Off-White Solid /// Application Notes: 1-Aminocyclopropane-1-carboxylic Acid is a plant growth regulator and an NMDA agonist acting at the glycine site (1). It is also a useful compound to develop DNA-encoded small molecule libraries for screening enzyme inhibitors (2).
